

## Licensed Massage Therapist

- Perform therapeutic massages of soft tissues and joints. May assist in the assessment of range of motion and muscle strength, or propose client therapy plans.
- Massage and knead muscles and soft tissues of the body to provide treatment for medical conditions, injuries, or wellness maintenance.
- Confer with clients about their medical histories and problems with stress or pain to determine how massage will be most helpful.
- Apply finger and hand pressure to specific points of the body.
- Maintain treatment records.
- Assess clients' soft tissue condition, joint quality and function, muscle strength, and range of motion.
- Treat clients in professional settings or travel to clients' offices.
- Provide clients with guidance and information about techniques for postural improvement and stretching, strengthening, relaxation, and rehabilitative exercises.
- Develop and propose client treatment plans that specify which types of massage are to be used.
- Refer clients to other types of therapists when necessary.
- Consult with other health care professionals, such as physiotherapists, chiropractors, physicians, and psychologists, to develop treatment plans for clients.
- Perform other adjunctive therapies or treatment techniques in addition to massage.
- Prepare and blend oils and apply the blends to clients' skin.
- Use complementary aids, such as hot stones, heat packs, wet compresses, to promote clients' recovery, relaxation, and well-being.

We are an established and busy massage and day spa in Federal Way looking to hire a LMP. Ideal candidate should have the following:

- At least 1-year experience in a clinic/day spa setting.
